World Shariah Funds PCC Limited

INVESTMENT OBJECTIVES

The Guernsey Protected Cell company ("PCC") is a single legal entity. The company operates two cells, WSF Global Equity Fund and WSF Asian Pacific Fund.

WSF GLOBAL EQUITY FUND

The investment objective of the Cell is to seek long term capital growth from an actively managed portfolio of Shariah-compliant securities which may be located in any jurisdiction or in any economic sector provided that such securities are listed securities or securities quoted on a Recognised Stock Exchange. Cogent Asset Management Limited, the Investment Adviser of the Cell, will seek to provide a consistent return over time in excess of the S&P Developed BMI Shariah Index.

WSF ASIAN PACIFIC FUND

The investment objective of the Cell is to seek long term capital appreciation and income generation through investment predominantly in equities listed in stock exchanges in the emerging and developed markets in the Asian Pacific region excluding Japan, that are Shariah-compliant. Cogent Asset Management Limited, the Investment Adviser of the Cell, may invest in shares, stocks, warrants and participate in mutual funds and acquire other interests in Shariah-compliant collective investment schemes in any economic sector which are permitted under the Investment Restrictions section of the Offering Memorandum and the Shariah Investment Guidelines.

LISTING

On 6 March 2017 the Channel Islands Securities Exchange resolved to change its name to The International Stock Exchange ("TISE"). The listing authority itself, formally known as The Channel Islands Securities Exchange Authority Limited has changed its name to The International Stock Exchange Authority Limited ("TISEA").

The following classes are listed on The International Stock Exchange:

Date of listing	WSF Global Equity Fund Class	WSF Asian Pacific Fund Class
17 August 2010	A – GBP	A – GBP
17 August 2010	A – USD	A – USD
19 August 2015	I – GBP	n/a

World Shariah Funds PCC Limited

DIRECTORS' REPORT *for the period ended 31 October 2017*

The Directors are pleased to present their Interim Report and Unaudited Financial Statements (“Interim Financial Statements”) for World Shariah Funds PCC Limited (the “Company”) for the period ended 31 October 2017.

DIRECTORS' RESPONSIBILITIES STATEMENT

The Directors are responsible for preparing the Interim Report and the Unaudited Financial Statements in accordance with applicable laws and regulations. Under that law the Directors have elected to prepare the Interim Financial Statements in accordance with International Financial Reporting Standards, as adopted by the European Union (“IFRSs”). Under company law the Directors must not approve the Interim Financial Statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these Interim Financial Statements, International Accounting Standard 1 requires that the Directors:

- properly select and apply accounting policies;
- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information;
- provide additional disclosures when compliance with the specific requirements in IFRSs are insufficient to enable users to understand the impact of particular transactions, other events and conditions on the Company’s financial position and financial performance; and
- make an assessment of the Company’s ability to continue as a going concern.

The Directors are responsible for keeping proper accounting records that are sufficient to show and explain the Company’s transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the Interim Financial Statements comply with The Companies (Guernsey) Law, 2008, The Protection of Investors (Bailiwick of Guernsey) Law, 1987, The Authorised Collective Investment Schemes (Class B) Rules, 2013, and the Principal Documents. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company’s website. Legislation in Guernsey governing the preparation and dissemination of interim financial statements may differ from legislation in other jurisdictions.

FINANCIAL INSTRUMENTS

The Directors have identified risks from the Company holding financial instruments as detailed in note 17.

GOING CONCERN

The Directors have assessed the going concern basis of the Company as a whole and note that it is their intention to continue to operate the Company for the foreseeable future. Whilst the Cells within the Company could be subject to high levels of redemption requests, the Principal Manager, with the prior agreement of the Custodian, may suspend redemptions within the Cells to ensure the Company can continue as a going concern. For this reason, the Directors have prepared the Interim Financial Statements on a going concern basis.

World Shariah Funds PCC Limited

DIRECTORS' REPORT *for the period ended 31 October 2017*

COMMITTEES OF THE BOARD

The Board has not deemed it necessary to appoint an audit, nomination or remuneration committee as, being comprised wholly of non-executive Directors, the whole Board considers these matters.

RESULTS AND DIVIDENDS

The total net results attributable to holders of participating redeemable shares for the period amounted to US\$3,280,645 and US\$(422,777) for the periods 31 October 2017 and 31 October 2016, respectively. There were no distributions during the current or previous period.

CAPITAL VALUES

The Net Asset Value per share of each class of Participating Redeemable Share at the end of the period under review was as follows:

		Class of Share					
		GBP	USD	GBP	USD	GBP	USD
		A	A	B	B	I	I
WSF Global Equity Fund							
Interim price	- at 31 October 2017	£24.24	US\$20.23	£20.66	US\$18.42	£11.15	US\$22.12
Year-end price	- at 30 April 2017	£22.74	US\$18.42	£19.47	US\$16.93	£9.99	US\$20.17
Interim price	- at 31 October 2016	£21.87	US\$16.65	£18.85	US\$15.46	£12.30	US\$18.21
WSF Asian Pacific Fund							
Interim price	- at 31 October 2017	£15.41	US\$11.10	£12.38	US\$10.79	£10.74	US\$10.16
Year-end price	- at 30 April 2017	£14.02	US\$9.81	£11.30	US\$9.60	£9.68	US\$11.11
Interim price	- at 31 October 2016	£13.78	US\$9.55	£11.53	US\$9.31	-	US\$10.66

PERFORMANCE

The variation in class performance is due to the differing NAV based expenses charged to each class and the number of subscriptions and redemptions received for each class during the period.

WSF GLOBAL EQUITY FUND **INVESTMENT ADVISER'S REPORT** *for the period ended 31 October 2017*

Half yearly comment – For the period from 1 May 2017 to 31 October 2017

During the period, the USD I-class NAV of the WSF Global Equity Fund (GEF), as calculated at the weekly NAV dates 2 May 2017 and 25 October 2017, increased from 34.26 to 37.75, a gain of 10.2%. This compared to a 10.3% rise in the S&P Developed BMI Shariah (US Dollar) Index Total Return from 163.2 to 180.0 over the same period.

During the period under review in the US, It was reported that activity in US factories, accelerating since November, stopped growing in April and fell to its lowest level in four months. The Institute for Supply Management's measure of national factory activity dropped from 57.2 in March to 54.8. The Federal Reserve raised its key interest rate to the 1% to 1.25% range and offered details on how it plans to start selling the \$4 trillion worth of bonds it bought under its quantitative-easing policy. Chair Janet Yellen said the decision to go ahead with both actions reflects the central bank's confidence in the prospects for the US economy. It was reported that factories accelerated production in June at the fastest pace in almost three years, the Institute for Supply Management said. The expansion of output was accompanied by an increase in orders and higher employment, according to data from the ISM.

Later in the period, data released showed that Retail sales in the US jumped 0.6% in July, the biggest one-month gain since December. Consumers' discretionary spending and motor vehicle purchases drove the trend, suggesting the economy may be picking up momentum. Reflecting the effects of recent hurricanes, it was reported that the US economy lost 33,000 jobs in September, the first monthly decline in seven years, the Labor Department said. For the same period, wages posted a 2.9% year-on-year improvement and the overall unemployment rate dropped to 4.2%.

In Europe, a number of key economic indicators for the eurozone indicated strengthening on several fronts, including GDP, employment, consumer sentiment and manufacturing orders. European Central Bank President Mario Draghi described the recovery as "solid and broad" but continues to caution that it could be undone by global events. It was reported that the economy of the eurozone grew 0.5% in the first quarter, more than double the 0.2% growth rate in the US, according to Eurostat. It was reported that the overall level of confidence expressed by UK businesses dropped to a six-year low in June. Among firms responding to a survey by IHS Markit, 35% expected improved business activity over the next 12 months, down from 52% in February.

Later in the period, in Europe, it was reported that the growth of Germany's economy, the biggest in Europe, continued in the second quarter, but at a pace that fell short of what economists expected. GDP grew 0.6% in Q2, down from a revised 0.7% in Q1, according to Germany's statistics agency. Second-quarter figures show euro-area economic growth is gathering momentum; with a 0.6% overall gain and several EU member states reporting an upturn in key performance indicators. Data showed that Industrial activity in Germany surged 3% in August, the sharpest gain since July 2011. However, the European Central Bank isn't getting close to pushing interest rates higher, said President Mario Draghi.

In Japan, data released showed core private-sector machine orders, a benchmark widely followed as an indicator of where the broader economy is headed, rose 1.4% in March compared with February, according to the Cabinet Office. Japan's gross domestic product growth for the January-to-March period, came in at 2.2 percent on-year annualized. The Central Bank kept its policy steady after a two-day meeting, as was widely expected. It was reported that Japanese exports increased 14.9% compared with May 2016, after a 7.5% year-over-year increase in April. It was reported that major manufacturers are more confident about the prospects for their businesses than at any time in more than three years, according to the widely followed Bank of Japan's Tankan survey.

World Shariah Funds PCC Limited

WSF GLOBAL EQUITY FUND **INVESTMENT ADVISER'S REPORT** *for the period ended 31 October 2017*

At the same time, employers said that the labour market is the tightest it has been in 25 years and that they are struggling to find enough workers.

Later in the period in Japan, data showed that the Central Bank has reduced purchases of government bonds maturing in the next five to 10 years to prevent the yield on the 10-year bond from falling any more. Data released showed the value of Japan's exports posted an 18.1% increase in August, the sharpest annual gain since November 2013. Sales of cars to the US shot up 28.3%. The Bank of Japan's policy board voted 8-1 to hold the key interest rate at negative 0.1% and to hold the yield on 10-year government bonds at or close to zero. The central bank said it will stick with its bond-buying plan, increasing debt holdings by about \$710 billion a year. The Bank of Japan's policymakers are increasingly optimistic about progress toward driving up the inflation rate, according to newly released minutes of the central bank's July meeting. "Most members shared the view that, although the recent developments in CPI had been relatively weak, the year-on-year rate of change was likely to continue on an uptrend," the minutes said. With global demand strengthening, exports in Japan posted a 14.1% gain in September, marking the third month in a row of double-digit increases. Foreign sales of motors, particularly those used in railroad equipment, rose 19.6%.

The Cogent Asset Management investment process for the WSF Global Equity Fund is quantitative and consistently realigns the portfolio towards the dominant style trends within the Valuation, Earnings and Price Momentum, Quality, Volatility and Financial Strength styles. The process aims to maintain sector and key currency neutrality.

Country and sector allocation remained static during the period – the Cognition investment process calls for sector and key currency neutrality (Canadian Dollar, US Dollar, British Pound, Euro, Yen). Total turnover is expected to remain in the range of 15-20% per month. Trading is undertaken to realign the portfolio towards the dominant investment themes

For the period 30 April 2017 to 31 October 2017, overall style preference volatility remained elevated. Low Valuation experienced temporary spikes during July and September. For the period as a whole, High Earnings Momentum showed the strongest positive relationship with share price performance.

As at end October 2017, the Fund's style allocation remained relatively neutral position with regards to style preference. At the end of the period the Fund expressed an overall weighted preference for High Quality, Low Volatility, and High Financial Strength stocks. The Fund's allocation towards High Price Momentum stocks increased by the largest margin. At the end of the period, High Valuation was the least favoured investment style.

Cogent Asset Management Limited

World Shariah Funds PCC Limited

WSF ASIAN PACIFIC FUND **INVESTMENT ADVISER'S REPORT** *for the period ended 31 October 2017*

Half yearly comment – For the period from 1 May 2017 to 31 October 2017

During the period, the USD A-class NAV of the WSF Asian Pacific Equity Fund (APF), as calculated at the weekly NAV dates 2 May 2017 and 31 October 2017, rose from 3.22 to 3.66, a rise of 13.7%. This compared to a 13.9% rise in the S&P Asia Pacific Ex Japan BMI Shariah (US Dollar) Net Total Return from 100.5 to 114.5 over the same period.

During the period under review in China, better than expected trade data was reported for the month of May. Exports were up by 8.7 percent and imports gained 14.8 percent in dollar terms. The slowdown in producer price inflation continued for a third month in a row during May as manufacturers coped with weakening customer demand, higher financing costs and a cooling of the broader economy. The producer price index rose 5.5% in May compared with a year earlier, down from a 6.4% year-over-year gain in April. It was reported that the output from China's factories posted a 6.5% year-over-year gain in May. For the first five months of the year, fixed-asset investment rose 8.6%. It was reported that GDP rose 6.9% in the second quarter, exceeding most forecasts, driven by stronger domestic spending and accelerating manufacturing activity. Retail sales posted an 11% year-on-year gain in June and industrial output picked up 7.6%.

Later in the period under review in China, during August, the International Monetary Fund said that it estimates that China's annual economic growth will average 6.4% between 2018 and 2020, up from a previous estimate of 6%. It was reported that exports rose 8.1% annually in September, coming in above August's 5.5% increase but below market analysts' expectations of an 8.8% gain. Imports rose 18.7% annually in September, which came in above both August's 13.3% expansion and the 13.5% increase that market analysts had expected. This points to resilient domestic demand for the Chinese economy

In Australia, the Reserve Bank left its benchmark interest rate at a record-low 1.5% reflecting that the job market is strengthening, but house prices are softening. The expansion of Australia's GDP slowed in the first quarter, but not as much as economists expected, sending the country's currency higher. GDP rose 1.7%, slightly better than the 1.6% forecast. National Australia Bank's business confidence survey results for the month of May showed that business conditions were upbeat in the country.

Later in the period under review in Australia, data released showed that seasonally-adjusted employment increased by 54,200 jobs in August compared to the previous month, up from the 29,300 new jobs created in July. The Westpac-Melbourne Institute Index of Consumer Sentiment came in at 101.4 in October, up from 97.9 in September, marking the highest reading in a year. The index thus inched above the 100 mark for the first time since November 2016, indicating greater optimism than pessimism among consumers.

In South Korea, rates were set lower to stimulate the domestic economy. The consumer confidence index recorded a back-to-back decrease in September, further suggesting that consumers are tempering their mood amid ever-increasing geopolitical tensions in the Korean peninsula. While consumer confidence remains well above the 100-point threshold that separates optimism from pessimism among Korean households, September's reading was the lowest since April.

In Singapore, it was reported that Non-oil domestic exports (NODX) decreased 1.2% in May, reflecting the decrease in non-electronic NODX off the high base a year ago. The result represented a deterioration from April's 0.8% drop, which had come after five consecutive months of growth.

World Shariah Funds PCC Limited

WSF ASIAN PACIFIC FUND **INVESTMENT ADVISER'S REPORT** *for the period ended 31 October 2017*

Later in the period, in Singapore, according to revised data released by the Ministry of Trade and, Singapore's GDP expanded a revised 2.2% in Q2 from the previous quarter at a seasonally-adjusted annualized rate, improving from the preliminary estimate of a 0.4% expansion and reversing Q1's revised 2.1%, the rebound came mainly on the back of an acceleration in the manufacturing sector and also benefited from turnarounds in the construction and services sectors.

In Thailand, data release showed that the economy expanded 3.7% year-on-year in Q2—the fastest acceleration in over four years—supported by an expansion in government spending as well as impressive export growth. Manufacturing output increased 3.7% year-on-year in August, which is slightly above the pace of expansion seen in the prior month (July: +3.4% yoy; previously reported: +3.7% yoy) and overshot market expectations of a markedly slower pace of growth. August's annual growth was supported by higher output in the motor vehicles, trailers and semi-trailers, rubber and plastic goods, and tobacco products sub-sectors.

In Indonesia, at its 21 and 22 August monetary policy meeting, Bank Indonesia surprised market analysts by deciding to cut the Reverse Repo rate from 4.75% to 4.50%. The decision notably contrasted expectations of zero change to the policy stance and was the Bank's first cut this year.

The investment process of the WSF Asian Pacific Fund is quantitative and is designed to maintain exposure to companies with high earnings and price momentum at a reasonable valuation.

As at end October 2017 the Fund maintained a weighted group relative Value rank of 73% (72% at end April 2017), a weighted Price Momentum rank of 74% (78%) and weighted Earnings Momentum rank of 68% (77%).

World Shariah Funds PCC Limited

NOTES TO THE INTERIM FINANCIAL STATEMENTS

for the period ended 31 October 2017

1. THE COMPANY

World Shariah Funds PCC Limited (the “Company”) is an open-ended investment company incorporated in Guernsey. The Company is authorised by the Guernsey Financial Services Commission under The Authorised Collective Investment Scheme (Class B) Rules, 2013.

During the period, the Company operated two cells, WSF Global Equity Fund and WSF Asian Pacific Fund with six sub-classes in each cell.

The investment adviser of the Company is Cogent Asset Management Limited (the “Investment Adviser”).

The investment objectives of the Company are set out on page 1 of these interim financial statements. Some of the classes are listed on The International Stock Exchange as shown on page 1 of these interim financial statements.

The assets of the Company can be either cellular assets (assets attributable to the individual cells), or non-cellular assets. The assets attributable to a cell comprise assets represented by the proceeds of cell share capital, reserves and any other assets attributable to the cell. The non-cellular assets comprise the assets of the Company which are not cellular assets. Where a liability arises from a transaction in respect of a particular cell, and there are insufficient assets within this cell, then there will be recourse to the non-cellular assets but not to the assets of any other cell.

Classes

The company may create one or more Classes of Shares in respect of each Cell. As of the date of these interim financial statements, the company has created six Classes of each Cell designated as follows:

- (a) GBP A Class;
- (b) USD A Class (collectively (a) and (b) are known as the "A Classes");
- (c) GBP B Class;
- (d) USD B Class (collectively (c) and (d) are known as the "B Classes");
- (e) GBP I Class
- (f) USD I Class (collectively (e) and (f) are known as the "I Classes");

The A Classes, B Classes and I Classes have identical rights, save as set out in the Offering Memorandum. Shares in A Classes and B Classes may be purchased by investors subject to the restrictions set out in the Offering Memorandum. Shares in I Classes shall only be available to investors who have invested USD 500,000 or more in any USD designated Classes of the Cell or GBP 500,000 into GBP designated Classes of each Cell in addition to the other restrictions set out in the Offering Memorandum.

Each class has an allocation of units which determines its share of the underlying portfolio of assets held by the cell. There is no separate pool of assets for each individual class.

On 14 August 2015, World Shariah Investments Limited (the “Subsidiary”), a wholly owned subsidiary of the cell WSF Asian Pacific Fund, was incorporated in Guernsey pursuant to section 20 of the Companies (Guernsey) Law, 2008. The Subsidiary will act as a nominee to hold investments listed in the Indian Market on behalf of the Cell. The Subsidiary has no transactions other than acting as a nominee to the Cell. The assets held by the Subsidiary are treated as if they were held directly by the Cell. Consolidating the Subsidiary would make no relative difference to the interim financial statements.

World Shariah Funds PCC Limited

NOTES TO THE INTERIM FINANCIAL STATEMENTS

for the period ended 31 October 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Statement of compliance

The Interim Financial Statements of the Company have been prepared in accordance with International Financial Reporting Standards as adopted in the European Union ("IFRS"). The interim condensed financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Company's annual financial statements as at 30 April 2017.

b) Basis of preparation

The Interim Financial Statements have been prepared on a historical cost basis, except for the revaluation of certain financial assets at fair value through profit or loss. Historical cost is generally based on the fair value of the consideration given in exchange for the assets. In order to reflect the results of the Company, the figures representing each Cell have been aggregated in US Dollars to produce a statement of comprehensive income, statement of changes in net assets attributable to holders of participating redeemable shares and statement of financial position.

The Directors have assessed the going concern basis of the Company as a whole and note that it is their intention to continue to operate the Company for the foreseeable future. Whilst the Cells within the Company could be subject to high levels of redemption requests, the Principal Manager, with the prior agreement of the Custodian, may suspend redemptions within the Cells to ensure the Company can continue as a going concern. For this reason, the Directors have prepared the Interim Financial Statements on a going concern basis.

c) Operating segments

The Directors are of the opinion that each cell of the Company is engaged in a single segment of business, being investment business. The WSF Global Equity Fund will invest in Shariah-compliant securities which may be located in any jurisdiction or in any economic sector provided that such securities are listed securities or securities quoted on a Recognised Stock Exchange and the WSF Asian Pacific Fund will invest in equities listed in stock exchanges in the emerging and developed markets in the Asian Pacific region excluding Japan, that are Shariah-compliant.

d) Income Recognition

Dividend income arising on the Company's investments is recognised in the statement of comprehensive income when the Company's right to receive the dividend has been established, normally being the ex-dividend date. Dividend income is recognised on a gross basis including withholding tax, if any. Related withholding tax is recognised separately in the statement of comprehensive income as part of expenses. Any income or distributions received by a Cell from investment assets in relation to securities which relate to income from non-Shariah compliant investment assets are considered impure income.

The impure income is subject to an income purification process determined by the Shariah Adviser from time to time by which the impure income is distributed to organisations considered beneficial to the public at large and which are approved by the Shariah Adviser. The income purification is shown as an expense in the Statement of Comprehensive Income.

World Shariah Funds PCC Limited

NOTES TO THE INTERIM FINANCIAL STATEMENTS

for the period ended 31 October 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

e) Expenses

All expenses are recognised in the statement of comprehensive income on an accruals basis. Expenses that relate to the set-up and organisation of the Company are expensed as incurred. Those expenses that relate to the Company as a whole are allocated to each Cell pro rata to their net asset value. The Company has no employees.

f) Financial assets at fair value through profit and loss

i) Classification

The Company classifies its investments in equity securities as financial assets at fair value through profit or loss. These financial assets have been designated by the Board of Directors at fair value through profit or loss from initial recognition.

Financial assets designated at fair value through profit or loss are those that are managed and their performance evaluated on a fair value basis in accordance with the Company's investment strategy as documented in its Scheme Particulars, and information about these financial assets are evaluated by the management of the Company on a fair value basis together with other relevant financial information.

ii) Measurement

Listed investments are valued at the mid-market prices ruling as at the close of business at the Statement of Financial Position date, net of any accrued dividend which is included in the Statement of Financial Position as an income related item. The Directors are of the opinion that the mid-market prices are the best estimate on fair value in accordance with the requirements of IFRS 13. Movements in fair value are included in the Statement of Comprehensive Income.

The value of any investment which is not quoted, listed or normally dealt in on a stock exchange or over the counter market are valued by the Directors in accordance with IFRS13.

iii) IFRS 13

IFRS 13 requires the Company to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. Fair value is defined under IFRS 13 as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Assets and liabilities measured at fair value are classified into one of the following categories:

- Level 1 — Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. The type of investments which would generally be included would include equities and derivatives listed on a securities exchange.

World Shariah Funds PCC Limited

NOTES TO THE INTERIM FINANCIAL STATEMENTS

for the period ended 31 October 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

f) Financial assets at fair value through profit and loss (continued)

iii) IFRS 13 (continued)

- Level 2 — Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly (including quoted prices for similar investments in active markets, interest rates and yield curves, credit risks, etc). The type of investments which would generally be included in this category would include corporate sukuk, bank debt and certain over-the-counter derivatives.
- Level 3 — Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable (including the Investment Adviser's own assumptions and assumptions used by the Consultants about what market participants would use in determining the fair value of investments). The type of investments which would generally be included in this category would include private or debt securities issued by private entities. The inputs or methodology used for valuing securities are not necessarily an indication of the risks associated with investing in those securities.

Tables summarising the fair value hierarchy in valuing the Company's investments held at fair value are shown in note 5(b).

g) Foreign Currency Translation

Functional and presentation currency

The Board of Directors considers the currency of the primary economic environment in which the Company operates to be US Dollars as this is the currency which in their opinion most fairly represents the economic effects of the underlying transactions, events and conditions.

Transactions in currencies other than US Dollars are recorded at the rates of exchange prevailing on the dates of the transactions. Foreign exchange gains and losses arising from the settlement of such transactions and from the translation at period end exchange rates of monetary items and non-monetary assets and liabilities that are denominated in foreign currencies are recognised in the statement of comprehensive income in the period.

As at 31 October 2017, the following closing exchange rates have been used:

1 US\$ =	1.3057 AUD	0.7523 GBP	8.1637 NOK	4.2320 MYR
	1.2891 CAD	7.8002 HKD	8.3733 SEK	1.4509 NZD
	0.9974 CHF	13563 IDR	1.3621 SGD	
	6.3854 DKK	113.64 JPY	33.215 THB	
	0.8581 EUR	1120.34 KRW	30.163 TWD	

World Shariah Funds PCC Limited

NOTES TO THE INTERIM FINANCIAL STATEMENTS

for the period ended 31 October 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

h) Due from and due to brokers

Amounts due from and to brokers represent receivables for securities sold and payables for securities purchased respectively that have been contracted for but not yet settled or delivered on the statement of financial position date. They are measured at amortised cost.

i) Cash and cash equivalents

Cash and cash equivalents comprise short-term deposits in bank with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts.

j) Other payables and accruals

Other payables and accruals are recognised initially at fair value and subsequently stated at amortised cost.

k) Participating redeemable shares

The Company issues participating redeemable shares. Furthermore the participating redeemable shares are redeemable at the holder's option and are thus classified as financial liabilities. Participating redeemable shares may be redeemed at any time for cash equal to a proportionate share of the Company's net asset value. Participating redeemable shares are issued and redeemed at prices based on the Company's net asset value per share at the time of issue or redemption.

The Company's net asset value per share is calculated by dividing the net assets attributable to the holders of participating redeemable shares with the total number of outstanding participating redeemable shares.

In accordance with the provisions of the Company's regulations, investment positions are valued based on the last traded market price (bid price) for the purpose of determining the net asset value per share for subscriptions and redemptions.

l) Performance

The variation in class performance is due to the differing NAV based expenses charged to each class and the number of subscriptions and redemptions received for each class during the period.

	Class of Share				
	GBP A	GBP B	USD A	USD B	USD I
Investment Adviser's Fee	0.50%	0.50%	0.50%	0.05%	0.12%

-supplemental to Distribution Fee	-	1.00%	-	1.00%	-

World Shariah Funds PCC Limited

NOTES TO THE INTERIM FINANCIAL STATEMENTS

for the period ended 31 October 2017

3. TAXATION

The Company is exempt from taxation in Guernsey under the Income Tax (Exempt Bodies) Guernsey Ordinance 1989.

The Company is subject to withholding tax on dividend income in certain jurisdictions. With effect from 17 August 2010, the Company has been accepted into the Reporting Fund regime under Regulation 55(1)(a) of The Offshore Funds (Tax) Regulations 2009.

4. OPERATING EXPENSES

World Shariah Funds PCC Limited

NOTES TO THE INTERIM FINANCIAL STATEMENTS

for the period ended 31 October 2017

5. FINANCIAL ASSETS AND LIABILITIES AT FAIR VALUE THROUGH PROFIT OR LOSS

a) Categories of financial instruments

During the year under review, the Company has not reclassified any financial assets from fair value classification to measurement at cost or amortised cost, or from a cost or amortised cost measurement to fair value. There were no transfers of financial assets fully qualified for de-recognition.

All liabilities are held at amortised cost.

b) Fair value of financial instruments

The Company has no financial instruments with fair values that are determined by reference to significant unobservable inputs, i.e. those that would be classified as level 3 in the fair value hierarchy as at 31 October 2017, nor have there been any transfers of assets or liabilities between levels of the fair value hierarchy. There are no non-recurring fair value measurements.

There were no level 2 or 3 instruments held at the current or prior period.

The Directors consider that the carrying value amounts of financial assets and financial liabilities recorded at amortised cost in the interim financial statements are approximately equal to their fair values.

The following table analyses the fair value hierarchy of the Company's investments at 31 October 2017 and 30 April 2017:

	Level 1 US\$	Level 2 US\$	Level 3 US\$	Total 31 October 2017 US\$

NOTES TO THE INTERIM FINANCIAL STATEMENTS

for the period ended 31 October 2017

8. EQUITY

Management shares

The Management Shares exist to comply with The Companies (Guernsey) Law 2008. The Management Shares can only be issued at par and are owned by the Principal Manager.

The Management Shares confer upon the holders thereof the right, in a winding up, to repayment of capital subject to the prior repayment of the nominal amount paid up on the Participating Redeemable Shares, but confer no further right to participate in profits or assets of the Company. Management Shares will not entitle the holders thereof to receive any dividends.

At general meetings, in a poll, holders are not entitled to vote in respect of each Management Share held.

9. NET ASSETS ATTRIBUTABLE TO PARTICIPATING REDEEMABLE SHARES

Participating Redeemable Shares

In a winding-up the holders of Participating Redeemable Shares rank ahead of holders of any other class for repayment of the nominal amount paid up on their shares. In addition, they have the right to receive surplus assets available for distribution after repayment of the nominal amounts paid up on the Management Shares. The shares confer the right to dividends.

At general meetings, in a poll, every holder is entitled to one vote in respect of each Participating Redeemable Share held.

NOTES TO THE INTERIM FINANCIAL STATEMENTS

for the period ended 31 October 2017

10. RELATED PARTY TRANSACTIONS

Mr Mark Le Tissier and Mr Joseph Truelove are Directors of Trident Fund Services (Guernsey) Limited, the Principal Manager, Designated Administrator, Registrar and Secretary of the Company. Details of the fees paid to TFSG during the period are detailed in note 11.

Mr Derek Chambers is a CEO of SFM Group, to which, Cornhill Management S.A., the Marketing Distribution Co-ordinator belong. Fees paid to the Marketing Distribution Co-Ordinator are detailed in note 14.

Mr Chambers held the following shares in the Company as at 31 October 2017 and 30 April 2016:

	WSF Global Equity Fund Shares	WSF Asian Pacific Fund Shares	Total Shares
Shares held	878.45	568.55	1,447

Each director receives a fee for their services as disclosed in note 16.

11. PRINCIPAL MANAGER, DESIGNATED ADMINISTRATOR, REGISTRAR AND SECRETARY FEES

Trident Fund Services (Guernsey) Limited (“TFSG”) is the Company’s Principal Manager, Designated Administrator, Registrar and Secretary. The fees payable to TFSG by the Company (including each of the Cells) is payable at the rate of 0.12% per annum of Net Asset Value calculated weekly and payable monthly in arrears, subject to a minimum of £80,000 per annum. In addition, the Principal Manager is entitled to £25 per shareholder transaction and to be reimbursed for any out-of-pocket expenses in connection with carrying out its duties, including without limitation, costs associated with compliance with anti-money laundering legislation.

The management, administration, registrar and secretary fees incurred during the period to TFSG was US\$71,523 (31 October 2016: US\$70,928) of which US\$10,096 (30 April 2017: US\$8,603) was payable as at 31 October 2017.

12. PERFORMANCE FEES

The Principal Manager is entitled to performance fees of 20% of the net increase above 8% of the Net Asset Value of each of the GBP I Class and USD I Class, subject to a high water mark, being the highest NAV of the respective class on which performance fees have been paid in a preceding performance year.

The Principal Manager shall pay to the Investment Adviser 75% of the performance fees received by the Principal Manager as set out in the supplement to the Scheme Particulars relating to the Cell. The Principal Manager shall pay 25% of the performance fees received by the Principal Manager to the Master Distribution Co-ordinator as set out in the supplement of the Scheme Particulars relating to each Cell.

Performance fees amounting to US\$480 and US\$nil were incurred during the period ended 31 October 2017 for WSF Global Equity Fund and WSF Asian Pacific Fund, respectively, of which US\$485 and US\$nil were accrued but not yet crystallised as at 31 October 2017.

World Shariah Funds PCC Limited

NOTES TO THE INTERIM FINANCIAL STATEMENTS for the period ended 31 October 2017

13. INVESTMENT ADVISER'S FEES

The Investment Adviser of each Cell is entitled to receive a fee from:

- a) the A Class Shares of the Cell at a rate of 0.5% per annum of the Net Asset Value of that class to be accrued weekly and payable monthly in arrears;
- b) the B Class Shares of the Cell at a rate of 0.5% per annum of the Net Asset Value of that class to be accrued weekly and payable monthly in arrears; and
- c) the I Class Shares of the Cell at a rate of 0.12% per annum of the Net Asset Value of that class to be accrued weekly and payable monthly in arrears.

The Investment Adviser is also entitled to 75% of the performance fees received by the Principal Manager (see note 12).

14. MARKETING EXPENSES

Marketing expenses incurred during the period follows:

	Notes	31-Oct-2017 Total US\$	31-Oct-2016 Total US\$
Marketing co-ordination fees	14(a.i)	35,536	39,681
Master distribution fees	14(b)	133,378	114,041
Supplemental charges	14(c)	108,564	91,350
Total	4	277,478	245,072

a) Marketing co-ordination fees

i) Marketing Co-ordination fees

The fees payable by each Cell to the Master Distribution Co-ordinator in respect to its marketing co-ordination duties shall be 0.25% per annum of the Net Asset Value of the Cell calculated weekly and payable monthly in arrears.

ii) TER cap (remitted)/reimbursed

The Total Expense Ratio ("TER") cap for each Class is expressed as a percentage of the Net Asset Value for each Class. The defined TER cap includes all and any fees paid by the Company with respect to such Class (except in relation to the performance fees in respect of those Classes for which a performance fee is applicable), and the TER of a given Class will in no event exceed such Classes TER cap as stated below.

World Shariah Funds PCC Limited

NOTES TO THE INTERIM FINANCIAL STATEMENTS
for the period ended 31 October 2017

14. MARKETING EXPENSES (continued)

a) Marketing Co-ordination fees (continued)

ii) TER cap (remitted)/reimbursed (continued)

The Master Distribution Co-ordinator agrees to bear the risk of any Class exceeding its defined TER cap. Hence, if the TER actually incurred for a given Class should exceed its TER cap, the Master Distribution Co-ordinator would reimburse the difference to the Class. In the event that the TER actually incurred for a given Class should remain below its TER cap, the residual amount of the TER after deduction of all fees paid by the Company and costs and expenses borne by the Company per annum shall be remitted to the Master Distribution Co-ordinator.

During the period, TER cap (remitted to)/reimbursed by the Master Distribution Co-ordinator is as follows:

	WSF Global Equity Fund	WSF Asian Pacific Fund	31-Oct-2017 Total	WSF Global Equity Fund	WSF Asian Pacific Fund	31-Oct-2016 Total
	US\$	US\$	US\$	US\$	US\$	US\$
TER cap reimbursed	-	-	-	49	12,738	12,787
TER cap remitted	(173,295)	(26,659)	(199,954)	(109,394)	(601)	(109,995)
	(173,295)	(26,659)	(199,954)	(109,345)	12,137	(97,208)

At the period-end, amounts due from/(to) the Marketing Distribution Co-ordinator follows:

	WSF Global Equity Fund	WSF Asian Pacific Fund	31-Oct-2017 Total	WSF Global Equity Fund	WSF Asian Pacific Fund	30-Apr-2016 Total
	US\$	US\$	US\$	US\$	US\$	US\$
TER cap receivable	-	-	-	49	275	324
TER cap payable	(58,974)	(9,263)	(68,237)	(16,108)	(601)	(16,709)
	(58,974)	(9,263)	(68,237)	(16,059)	(326)	(16,385)

The following TER caps shall be applicable unless any change to the TER cap has been notified to the participating redeemable shareholders and the Offering Memorandum has been amended accordingly.

	WSF Global Equity Fund	WSF Asian Pacific Fund
Class A	3.00%	3.00%
Class B	4.00%	4.00%
Class I	1.50%	1.50%

World Shariah Funds PCC Limited

NOTES TO THE INTERIM FINANCIAL STATEMENTS *for the period ended 31 October 2017*

14. MARKETING EXPENSES (continued)

b) Master Distribution fees

The fees payable by each Class to the Master Distribution Co-ordinator in respect to its marketing distribution duties follow:

- each of the A Class Shares of a Cell at a rate of 0.75% per annum of the Net Asset Value of the relevant class of participating redeemable shares to be accrued weekly and payable monthly in arrears;
- each of the B Class Shares of a Cell at a rate of 0.75% per annum of the Net Asset Value of the relevant class of participating redeemable shares to be accrued weekly and payable monthly in arrears; and
- each of the I Class Shares of a Cell at a rate of 0.18% per annum of the Net Asset Value of the relevant class of participating redeemable shares to be accrued weekly and payable monthly in arrears.

c) Supplemental charges

i) Supplemental charge – B Class

An ongoing supplemental charge of 1% per annum of the subscription amount for B Class Shares of each Cell shall be calculated and payable monthly in arrears by the Company to the Master Distribution Co-ordinator.

ii) Subscription charges

In respect of the Class A and Class I shares of each Cell, the Principal Manager shall pay the Master Distribution Co-ordinator 100% of any and all subscription charges received from or on behalf of Participating Shareholders.

iii) Redemption charges

In respect of the Class B shares of each Cell, the Principal Manager shall pay the Master Distribution Co-ordinator 100% of any and all redemption charges received from or on behalf of Participating Shareholders.

iv) Conversion charges

The fees payable to the Principal Manager in connection with the conversion of shares of the Company from one class of a Cell to another as set out in the Offering Memorandum shall be payable by the Principal Manager to the Master Distribution Co-ordinator.

d) Share in performance fees

The Master Distribution Co-ordinator is also entitled to 25% of the performance fees received by the Principal Manager (see note 12).

World Shariah Funds PCC Limited

NOTES TO THE INTERIM FINANCIAL STATEMENTS

for the period ended 31 October 2017

15. CUSTODIAN FEES

The Custodian is entitled to receive a fee based on the Net Asset Value of each Cell of:

- 0.10% where the Net Asset Value of the Cell is between US\$Nil and US\$75 million;
- 0.075% where the Net Asset Value of the Cell is between US\$75 million and US\$150 million; and
- 0.05% where the Net Asset Value of the Cell is above US\$150 million.

The fees payable to the Custodian by each Cell are subject to an overall minimum fee in respect of all cells of:

- a) US\$40,000 for the 12 month period from the effective date of the Custodian Agreement; and
- b) US\$60,000 for each 12 month period following the 12 month period from the effective date of the Custodian Agreement

The Custodian was entitled to receive a take on fee capped at US\$20,000.

The Custodian is also entitled to a Global Custody Services Fee for each market of an investment made up of a safekeeping fee which is charged on a per country basis as a percentage of the net asset value of each Cell and a transaction fee as an individual charge per transaction on a per country basis.

16. DIRECTORS' FEES

Directors are entitled to receive fees not exceeding to £50,000 in aggregate per annum. Mr David Whitworth, Mr Mark Le Tissier, Mr Joseph Truelove and Mr Derek Chambers are each entitled to receive a fee of £10,000 per annum. All Directors are also entitled to reimbursement of out of pocket expenses properly incurred in the performance of their duties.

17. FINANCIAL INSTRUMENTS

a) Financial risk management objectives and policies

The General Investment Restrictions and the Fund Particulars set out the risk management policies and guidelines for each of the Cells operated by the Company. They include the Cells' investment objectives, which are shown on page 1 of these interim financial statements, their tolerance of risk and their general risk management philosophy. The main risks are summarised below.

b) Market price risk

At 31 October 2017, if market prices had been 20% higher with all other variables held constant, the net assets attributable to holders of the participating shares for the period would have been US\$6,130,925 and US\$1,173,680 (30 April 2017: US\$5,913,574 and US\$710,197) higher for the WSF Global Equity cell and the WSF Asian Pacific cell respectively, arising due to the increase in fair value of financial assets at fair value through profit or loss. A 20% decline in market prices would have resulted in an equal but opposite effect on the interim financial statements, on the basis that all other variables remain constant.

World Shariah Funds PCC Limited

NOTES TO THE INTERIM FINANCIAL STATEMENTS

for the period ended 31 October 2017

17. FINANCIAL INSTRUMENTS (continued)

c) Credit risk

All of the Company's cash balances are held by State Street Custody Services (Guernsey) Limited ("State Street") and bankruptcy or insolvency of the bank may cause the Company's rights with respect to the cash held by them to be delayed or limited and in the worst case scenario, could be subject to total loss. The Company monitors the credit quality of State Street on a regular basis.

d) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. It does not in any way suggest that the Company will invest in non Shariah-compliant financial instruments. The Company's exposure to interest rate risk is limited as the Company has not invested in interest bearing securities at the period-end nor does it have any cash held on interest bearing accounts.

e) Currency risk

Foreign currency risk is the risk that the value of financial assets and liabilities will fluctuate because of changes in foreign currency rates.

The Company's exposure to foreign currency risk is detailed as follows:

	Assets	Liabilities	Total	Assets	Liabilities	Total
	US\$	US\$	31-Oct-2017 US\$	US\$	US\$	30-Apr-2017 US\$

	5,940,747	(3,890)	5,936,857	3,584,405	(6,557)	3,577,848

Foreign currency sensitivity

At 31 October 2017, the Company is exposed to all currencies as per the tables above. If the US Dollars had weakened by 10% against these currencies with all other variables held constant, the net assets attributable to the holders of participating shares would have been US\$1,039,129 and US\$593,686 (30 April 2017: US\$1,000,940 and US\$357,785) higher for the WSF Global Equity cell and the WSF Asian Pacific cell respectively, arising as a result of an increase in the fair value of foreign currency denominated financial liabilities set off by the increase in foreign currency denominated financial assets. Conversely, if the US Dollars had strengthened 10% against these currencies the net assets attributable to holders of participating shares would have had the equal but opposite effect.

f) Liquidity risk

The maturity of the Cells' cash and investment assets and liabilities (excluding redeemable shares) relating to the cash and investing activities were as follows:

	Assets	Liabilities	Assets	Liabilities
	31-Oct-2017	31-Oct-2017	30-Apr-2017	30-Apr-2017
	US\$	US\$	US\$	US\$

The ability to realise the assets in a timely manner will affect the ability of the Company to repay its redeemable shareholders. Should the Principal Manager and Custodian deem it necessary they have the option to suspend dealing in the cells if they believe it is in the interests of shareholders. Liquidity risk arises as a result of the Company not having sufficient cash to meet liabilities as they fall due. The Directors have the ability to limit redemptions to 10% of the Net Asset Value of the Cell on any Redemption day and Redemption requests being paid within ten business days after each Dealing day.

g) Risk of Shariah non-compliance

As each of the Cells invests only in securities of companies whose principal activities comply with Shariah requirements, it may be subject to a higher level of risk than a portfolio which is not subject to any specific requirements. Furthermore, there is an inherent risk of the reclassification of Shariah status risk, where the currently held Shariah-compliant securities in the relevant Cell's portfolio may be re-designated as non Shariah-compliant securities. If this occurs, the value of the relevant Cell may be adversely affected where the Principal Manager and/or Investment Adviser will take the necessary steps to dispose of such securities in accordance with the rules of divestment of non Shariah-compliant securities as detailed in the Shariah Investments Guidelines section of each supplement to the Offering Memorandum. The Company monitors this risk through the appointment of a Shariah Adviser who reviews the investment portfolio.

h) Capital management

The capital of the Company is managed in accordance with the Company's investment objectives and policies. This includes the Directors having the ability to limit the value of shares redeemed on a redemption day to 10% of the Net Asset Value of the Cell and Redemption requests being paid within ten business days after each Dealing day.

The capital structure of the Company consists of cash and bank balances and proceeds from the issue of participating shares.

The Directors and the Principal Manager review the capital structure and, as part of this review, the Principal Manager considers the cost of capital and the risks associated.

The Company is not subject to externally imposed capital requirements.

World Shariah Funds PCC Limited

NOTES TO THE INTERIM FINANCIAL STATEMENTS
for the period ended 31 October 2017

18. EARNINGS PER SHARE

Basic and diluted earnings per share are calculated based on total comprehensive income for the period divided by the weighted average number of shares in issue for the period.
